It is the mission of the Department of Campus Safety to assist in every way possible in providing a safe and secure atmosphere that is conducive to the educational process. The participation of the entire campus community is necessary in order to achieve the safest campus possible. Each segment of the campus community must cooperate not only with each other but also law enforcement agencies.

DISCLOSURE OF CRIME STATISTICS

This report is prepared in compliance with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act, as modified by the Violence Against Women Act (VAWA). These acts require colleges and universities to:

- Publish an annual report containing three years of crime statistics and campus policy statements
- Disclose crime statistics for the campus, public areas, near campus, and certain non-campus facilities
- Provide campus alerts related to certain crimes that occur on or near campus and pose a potential threat to students, employees, and visitors
- Disclose in a public campus crime log any reported crime occurring on campus

A copy of this report can be provided upon request via email at LorasCollege.Security@loras.edu; in person at the Campus Safety Office, Suite 530 Alumni Campus Center; or by calling Campus Safety at 563.588.7114.

CAMPUS SAFETY

The Department of Campus Safety is located in suite 530, on the fifth floor of the Alumni Campus Center, and at the 24 hour Information Desk, located on the fourth floor of the Alumni Campus Center. On campus, the department can be reached by phone at extension 7114 or 0. Off campus, the department can be reached by phone by calling 563.588.7114 or 563.588.7100. Individuals can file reports with the department online at: https://loras-advocate.symplicity.com/public_report

The department consists of 14 full-time, 3 part-time, and 4 call-in employees, and is staffed 24 hours per day, 365 days each year. Security officer training, on both an annual and on-going basis, occurs with regard to emergency medical situations (CPR, AED, and 1st Aid), fire prevention, evacuation plans, disaster recovery plans, crowd management, asset protection, risk management, student issues, and other student and employee safety matters.

The Department of Campus Safety provides several security programs including an on campus escort service, lost and found services, and in partnership with the Student Development Division, provides student education on fire safety, personal safety, alcohol and drug education, sexual assault awareness, and other relevant safety topics.

EDUCATIONAL PROGRAMMING

The department also assists in providing educational programming opportunities relative to campus safety. Due to the changing calendar of campus activities over the course of a year, the number of security programs presented varies from month to month. The prevention programs offered include but are not limited to: sexual assault awareness speakers and workshops, alcohol awareness courses, poster campaigns, the HAVEN program sponsored by Ever-Fi, self-defense training, partnership with Take Back the Night, speakers on various safety topics, and more. Employees also receive responsible employee training as well as campus security authority (CSA) training.

AUTHORITY OF CAMPUS SAFETY STAFF AND STATEMENT OF UNDERSTANDING

The Loras College campus falls into the jurisdiction of the Dubuque Police Department, the Dubuque County Sheriff’s Department, and the Iowa Department of Public Safety. Loras College Campus Safety maintains a positive and open relationship with each of these agencies. The appropriate authorities assist the department in campus crime investigation. Campus Safety monitors and records, through local police crime data, off campus events sponsored by recognized student organizations.

Because Loras College is a private institution, no member of the Department of Campus Safety possesses arrest authority. Loras College does, from time to time, contract police officers with full arrest authority to assist in activities and functions of the College.

REPORTING INCIDENTS

Crime prevention cannot take place without the assistance of the Loras College community. The prompt reporting of crimes and suspicious behavior as well as cooperating with the authorities during the investigation of crimes or offenses is encouraged. Your cooperation can aid us in preventing others from being victimized. Campus Safety will assist anyone in filing a report both on campus and with local law enforcement agencies.
In the event that you receive criminal or emergency information, you are encouraged to contact local authorities via 911 (or the non-emergency dispatch number 563.589.4414) as well as the Department of Campus Safety by dialing 7114 or 0 from on campus, or 563.588.7100 from off campus. Campus community members may also file a named or anonymous report by visiting:

However, these departments are encouraged to report limited information to the Department of Campus Safety on a confidential basis so that the College may better evaluate the need for a campus safety alert and disclose the most accurate information available in the annual statistics report. Only information relating to the nature of the crime and its location would be provided to Campus Safety. The identity of the victim and witnesses remain confidential when reporting to these areas.

CAMPUS EMERGENCIES

In the event of an emergency, emergency services should be contacted immediately. 911 telephone service is in effect for the entire city of Dubuque. Emergency medical care is provided at all hours at both the Finley-Unity Point Hospital (563.582.1881) and Mercy Medical Center – Dubuque (563.589.8000). A follow up call to Campus Safety at 563.588.7100 is helpful. When reporting an emergency, be sure to inform the 911 call center of the building, room, and phone number of where you are calling from.

In the event of a campus emergency or disaster, the campus crisis management team is activated and all directives and information are disseminated from the team. The college has a plan in place to cope with such situations as they develop. Campus community members can find emergency response procedures available in the red emergency response bags located in each classroom and residential facility and/or on the “In an Emergency” guides posted throughout campus facilities.

All employees must follow the appropriate emergency procedures found in the crisis plan and/or “In an Emergency” guide. Personal safety is of utmost concern. All employees are response for taking precautions to assure their safety by familiarizing themselves with this plan. Faculty are responsible for initiating emergency procedures during class sessions.

PROCEDURES FOR EVACUATION

An emergency situation on campus may require an emergency evacuation of specific areas due to a hazardous situation. The purpose of an evacuation is to remove building occupants from harm and increase safety. In the event of a fire alarm or LORAS ALERT indicating evacuation is necessary, all building occupants must leave the building to protect their own safety. Campus Safety and Residence Life staff may remain in facilities to perform emergency duties as directed.

During an evacuation, all individuals should exit the building via the nearest unobstructed exit. Individuals should not use elevators during an evacuation. Once outside, individuals should move a safe distance away from the facility, allowing others to continue to exit. Streets and driveways should be kept clear for emergency vehicles.

PROCEDURES FOR SHELTERING IN PLACE

A campus emergency may require the College to implement an emergency procedure known as “sheltering in place” or “lockdown.” This procedure is often used in life-threatening situations.

When required to shelter in place, campus community members should move into the nearest classroom, office, or residence hall room as quickly as possible. Individuals should close and lock the door, and if the door cannot be locked in an intruder or active shooter situation, use what means are necessary to obstruct access to the room including: moving furniture in front of doors or windows, tying doors closed, or other such measures. Individuals should attempt to make the room appear unoccupied by turning off lights and muting cell phones and/or other devices. Individuals should continue to shelter in place until directed by Campus Safety, Law Enforcement, or the LORAS ALERT system that it is safe to return to regularly scheduled college business.

EMERGENCY NOTIFICATION SYSTEM

All campus community members are strongly encouraged to subscribe to the LORAS ALERT system, the college’s notification system that provides voice, email, and text messaging to campus community members and their emergency contacts during an emergency. Individuals can subscribe to LORAS ALERT by visiting:

https://lorasedu.sharepoint.com/SitePages/Home.aspx

and then selecting IQ MAIN PAGE under Loras Links on the gold navigation bar, logging into IQ, and selecting
EMERGENCY NOTIFICATION in the left hand column. The college also has a siren/PA outdoor alert system to provide rapid communication to the campus community.

STATEMENT ON TIMELY WARNING

In the event that a crisis arises either on or off campus that, in the judgment of the Dean of Students, Director or Assistant Director of Campus Safety, and/or his or her designee, constitutes an ongoing or continuing threat, a campus wide security alert will be issued. The warning may be issued through the college’s emergency alert system, posted on https://loras.edu.sharepoint.com/SitePages/Home.aspx, and/or posted on the entrances and exits of campus facilities. In some instances, the outdoor siren/PA system will be utilized.

Anyone with information warranting a timely warning via a “Security Alert” to the campus should report the circumstances to Campus Safety by phone at 563.588.7114 or 563.588.7100, by email at LorasCollege.Security@loras.edu, in person at the office located at 530 Alumni Campus Center, or at the Information Desk, open 24 hours per day, located on the fourth floor of the Alumni Campus Center.

EMERGENCY RESPONSE TEST PLAN

As required by law, Loras College has procedures in place to test the emergency response and evacuation procedures on at least an annual basis including publicizing its procedures in conjunction with at least one test per calendar year. The college documents a description of the exercise and information about whether or not the exercise was announced or unannounced in the annual statistics disclosure. The 2017 test of the emergency response procedures was held during an announced drill on October 31, 2017. The Crisis Response Planning group met on most recently for a tabletop drill on active shooter response on January 24, 2018, and met during the Spring of 2017 to review all emergency processes and procedures for campus. The next update will occur during the Fall 2018 semester.

PROCEDURES FOR MISSING PERSONS

Campus community members should report missing persons to Loras College Campus Safety, accessible at 563.588.7114 or 563.588.7100, in person at 530 Alumni Campus Center or at the Information Desk, fourth floor, Alumni Campus Center, or at the online public report link:

Missing persons may also be reported to the Dean of Students Office, 540 Alumni Campus Center, 563.588.7060. Please note that all missing persons reports are immediately referred to Campus Safety and/or local law enforcement.

Each student living in college housing has the option to register a confidential contact person to be notified in the case that a student is determined to be missing. Only approved campus officials and law enforcement officers furthering an investigation have access to this information. Campus community members are encouraged to register a confidential contact person by contacting the Dean of Students Office, 563.588.7060.

If Campus Safety officials determine that a student for whom a missing person report has been filed has been missing for more than 24 hours, within the next 24 hours, a college official will:

- Notify the identified confidential emergency contact
- If the student is under age 18, a parent or guardian and local law enforcement will be notified
- If the student is over age 18, local law enforcement will be notified.

DAILY CRIME LOG

Campus Safety maintains a daily campus crime log that captures the date, time, general location, and nature of reported incidents. This log includes crimes that happen on campus, in non-campus property, and on public property within the campus or areas immediately adjacent to campus. The disposition of the complaint is also included if known at the time of publication. The campus crime log is available for review during regular business hours in the Campus Safety Office, 530 Alumni Campus Center.

OFF CAMPUS EFFORTS

While Loras College is not responsible for off campus security, Loras College Campus Safety works closely with local law enforcement. When information from law enforcement agencies is shared with the College, the College will address off student behavior issues through the college’s conduct process.

SECURITY OF CAMPUS FACILITIES

Loras College is a private institution of higher education. At certain hours of the night, only authorized personnel are allowed in many areas of the college. Most buildings open to the public are closed and locked after regular business hours.

Loras College uses a computerized fob access system in each of the residence halls. In an attempt to eliminate exterior doors from being propped open, electromagnetic locks are installed on all exterior doors of all residence halls as well as most other campus facilities. Once activated, these locks will not allow access to the building without the proper access fob. Entry must be made at a designated entrance with a fob reader. The electromagnetic locking system is operated in conjunction with the fire alarm system, so when an alarm is sounded, all of the locks in that particular building release allowing doors to be used as emergency exits. All lost fobs should be reported immediately to Campus Safety so they can be deactivated and replaced.
Within a residence hall, each room door may be locked. Each resident is advised to keep the room door locked at all hours of the day. Residents are held responsible for the conduct of their guests. At least one trained residence life staff member is on duty 24 hours per day. Depending on the rules of the specific floor, visitation by members of the opposite sex may be limited to certain hours of the day. Unauthorized individuals found within residence halls are subject to college discipline and/or arrest by local authorities.

Campus Safety routinely checks academic buildings which are closed during non-business hours to ensure they remain locked. Each building has a scheduled time to be secured and only authorized staff members are issued keys to secured buildings.

Campus Safety monitors campus accesses 24 hours per day, 7 days per week. The frequency and intensity of monitoring increases during evening hours. Campus pathways are lighted throughout the night. Campus lighting is inspected daily. Maintenance crew members routinely replace lights, trim shrubbery, and remove snow, ice and debris from pathways and parking lots.

**SEXUAL MISCONDUCT POLICY AND GRIEVANCE PROCEDURES (From the Loras College Student Handbook)**

This policy covers all members of, or visitors to, Loras College and those otherwise associated with the College to include but not limited to: administrators, faculty, staff (administrative, professional and hourly), students, vendors, contractors, volunteers and internship supervisors.

The College may impose discipline or sanctions if sexual misconduct occurs on or off College premises if there is any connection with a person’s participation in a College-sponsored organization, program or activity, or if the conduct poses a risk of harm to any member of the campus community.

The fact that someone did not intend to sexually harass an individual is not necessarily a defense to a complaint of sex discrimination. Regardless of intent, it is the duration, effect and characteristics of the behavior that determine whether the behavior constitutes sex discrimination. Harassing conduct may be disciplined even if the complaining person is not the intended target of the conduct.

**STATEMENT OF CONSENT**

The College believes that consent is essential in matters involving sexual activity. Consent is informed, through mutually understandable words that indicate a willingness to participate in a mutually agreed upon sexual activity. Talking with a partner about sexual activity may seem awkward, but such conversations serve as the basis for sexual experiences in the context of mutual willingness and respect. Furthermore, at any time during consensual sexual activity, a person may refuse to continue further with any sexual activity. Consensual sexual activity recognizes sober, verbal communication, free of threats or other coercion. College policy recognizes that someone who is under the influence of drugs and/or alcohol is unable to give consent. From the point of refusal, any previous consent is rendered invalid.

**TYPES OF SEXUAL MISCONDUCT**

Examples of sexual misconduct may include, but are not limited to the following examples of unwelcome acts:

**Verbal:** Insults, threats, jokes or derogatory comments based on gender; sexual innuendo or suggestive comments; sexual propositions or advances; pressure for sexual favors; corruption of a minor; importuning or public indecency

**Sexual Abuse/Sexual Assault/Rape:** Any sexual act between any persons is sexual abuse by either party when the act is performed with the other participant in any of the following circumstances:

- The act is done by force or against the will of the other, including but not limited to rape or attempted rape.
- If the consent or acquaintance of the other is procured by threats of violence toward any person.
- If the act is done while the other is under the influence of a drug-induced sleep or is otherwise in a state of unconsciousness.
- When the victim is incapable of giving consent because he or she suffers from a mental defect or incapacity.

Please note that this includes non-consensual sexual intercourse (rape), non-consensual sexual contact (sexual assault) and sexual exploitation. - Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual’s employment or education; or
- That conduct or communication has the purpose or effect of substantially interfering with an individual’s employment or education, or of creating an intimidating, hostile or offensive employment or educational environment.

**Dating Violence:** Dating Violence is defined as the intentional use of physical, sexual, verbal, or emotional abuse by a person to threaten, harm, intimidate, or control another person in a dating relationship. Violent behavior is unacceptable in our community, and all cases involving violence will be referred to the College Hearing Board for review. The College Hearing Board hears cases where the outcome may include suspension or expulsion.

**Domestic Violence:** Domestic violence is defined as felony or misdemeanor behavior with a current or former spouse, domestic or intimate partner, someone who shares custody of a child, someone who cohabitates, or someone who is situated as a spouse. For this reason, Loras College does not tolerate stalking, and will hold students who engage in stalking behaviors accountable through the college’s judicial system and will report students who engage in stalking behaviors to the local authorities. Loras College is also committed to supporting victims of stalking through available campus counseling and health services, and can assist with referrals to community-support services. This policy applies to all members of our campus community. The College defines stalking as a course of conduct directed at a specific person that would cause a reasonable person to feel fear/significant emotional distress. Stalking behaviors may include but are not limited to:

APPLICABLE STATE STATUTES

State of Iowa Statutes Regarding Consent
The State of Iowa defines incapacitation as meaning a person is disabled or deprived of ability as follows:
• “Mentally incapacitated” means that a person is temporarily incapable of apprising or controlling the person’s own conduct due to the influence of a narcotic, anesthetic or intoxicating substance.
• “Physically helpless” means that a person is unable to communicate an unwillingness to act because the person is unconscious, asleep or is otherwise physically or mentally limited.
• “Physically incapacitated” means that a person has a bodily impairment or handicap that substantially limits the person’s ability to resist or flee.

State of Iowa Statutes Regarding Sexual Misconduct
The State of Iowa and Loras College use the following sexual abuse definition. Sexual abuse is considered a felony as defined in Section 709 of the Iowa State Code. Sexual assault is considered first-degree sexual abuse under Iowa law. Sexual assault is defined as forced penetration of the vagina, anus or mouth with a finger, penis or any other object. Although the term “rape” is used in this policy and in other educational material, the Iowa legal system uses the umbrella term of sexual abuse and sexual assault, and not the specific term “rape,” when cases are taken to court.

Sexual assaults occur on a broad continuum and include—criminal behaviors endangering another/other persons. They range from verbal assaults to rape. Loras College takes a very strong stance against acts of violence by a member of our community. Students found responsible of sexual assault can expect strong disciplinary actions by the College. Any community member with knowledge of any incidents of sexual assault should report the incident to Campus Safety, the Dubuque Police Department and the College’s Title IX Coordinator. It is recommended and encouraged that survivors seek confidential counseling.

REGISTERED SEX OFFENDER INFORMATION
Loras College complies with laws that require higher education institutions to inform persons within the campus community about how to obtain information regarding registered sex offenders. Information on registered sex offenders in Dubuque, Iowa, can be found at: http://www.iowasexoffender.com/

IMPORTANT INFORMATION FOR VICTIMS OF SEXUAL MISCONDUCT
A student who reports a violation of the sexual misconduct policy is entitled to:
• To be treated with respect by college officials
asked to leave College housing pending investigation of the complaint. Similarly, survivors of sexual misconduct may request changes in both their academic and housing situations.

The standard of evidence used by the College Hearing Board is preponderance of evidence standard of proof. This means that the College resolves complaints based on what they believe is more likely than not have happened.

A complete description of the disciplinary procedures and policies of Loras College can be found in the Policies and Procedures section of the Loras College Student Handbook.

MANDATORY CHILD ABUSE REPORTING POLICY

Loras College strives to protect the welfare of minors on its campus. This includes minors who are on campus or participating in off-campus college-sponsored programs. Any uncertainty about whether reporting is required should be resolved in favor of making a report.

Iowa Code 232.69, this policy requires anyone who, in the scope of their employment responsibilities, examines, attends, counsels or treats a child, to report suspected physical or sexual abuse of a child. This includes all employees, including, but not limited to, faculty, coaches, student employees, administrators and staff. If you are not sure whether you are required to report, you should err on the side of caution and report. You do not need to have proof that abuse has occurred in order to be required to report.

Individuals must report child abuse when they see, know about or reasonably suspect the abuse of a child. A report should be made within 24 hours after becoming aware of the suspected abuse. The types of abuse required to be reported under this policy include any physical or sexual abuse of a child.

- Child means any person under the age of eighteen (18) years.
- Physical abuse means non-accidental acts or omissions that cause, or fail to prevent, physical injury to a child.
- Sexual abuse means the commission of a sexual offense according to Iowa law, including rape, sexual assault, molestation, incest, indecent exposure or exploitation of a child in a manner in which the child is used for gratification or sexual enjoyment by another person.

IN THE EVENT OF AN EMERGENCY, CALL 911.

Suspected abuse should be reported to both:
1. Title IX Coordinator: Phone 563.588.7029, Email Nancy.Fett@loras.edu AND
3. Via Phone 563.588.7114 or 24-Hour Information Desk 563.588.7100

When making a report of child abuse, the reporter should provide the following information to the best of their knowledge:
- Name of the alleged victim(s)
- Name of the alleged perpetrator(s)
- Time and date of the incidents being reported
- Location where the incidents occurred
- Any additional information known about the abuse

It is possible that some reporters, as well as others who interact with minors who are on campus or participating in off-campus college-sponsored programs may be mandatory reporters of child abuse under Iowa Code §232.69. These individuals have additional responsibilities to report all forms of child abuse as described in Iowa Code § 232.68(2). Under §232.69, mandatory reporters must report suspected abuse to the Department of Human Services. Child abuse can be reported to the Department of Human Services by calling the toll-free child abuse reporting hotline 24 hours a day: 1.800.362.2178.

Loras College encourages everyone, including those who are not mandatory reporters under Iowa Code §232.69, to report all forms of child abuse to the Department of Human Services in addition to reporting to the Title IX Coordinator and the Department of Public Safety under this policy.

Consistent with Iowa law, the College will take no retaliatory action against an employee who makes a good faith report of child abuse.

WEAPONS POLICY

Possession of or firing of firearms, fireworks, explosives, ammunition, sling shots, balloon launchers, paintball equipment, knives (with blades longer than three inches), bows and arrows, air soft guns, swords, items construed as weapons or any other weapons capable of inflicting personal injury or damage either in a student’s room or on a student’s person may result in judicial action, including but not limited to appearance before the College Hearing Board. All weapons will be confiscated and may not be returned.

The College respects each individual’s right to bear arms but does not believe firearms are appropriate in the workplace or on College property. Any employee bringing a firearm to the workplace or property, or carrying a firearm in a college vehicle may be disciplined in accordance with College policy up to and including termination. Any student bringing a firearm to campus property may be referred to the College hearing board for possible suspension or expulsion. This prohibition extends to firearms kept in vehicles on College property and at College jobsites, including parking lots, regardless of whether the vehicle is owned or leased by the College or to the employee.

LORAS COLLEGE ALCOHOL POLICY

As a Community, Loras College strives to advocate healthy and safe choices, embrace responsibility, cultivate respect, and challenge all to be people integrity. Loras College is committed to providing a quality education and work environment where every student and employee has the right to work, learn and live in an environment free from the negative effects of alcohol and other drug use. The College recognizes that the decision to use alcohol is a personal choice; however, this choice must be made in accordance with federal, state and local laws regarding the use of alcohol. The legal age for consumption of alcohol in the state of Iowa is 21. As a result, Loras College will partner with
local law enforcement to uphold and enforce all laws, ordinances and College policies regarding alcohol use. Therefore, it is the policy of Loras College to prohibit the unlawful use, sale, distribution, transfer or possession of alcoholic beverages. Loras College prohibits the lawful consumption of alcohol when it might impair an individual’s academic or work performance, or pose a hazard to the individual, public, students or employees of the College on its property or at any of its activities. A conflict of interest may exist when alcohol is present among faculty, staff and students.

In compliance with the Drug-Free Work Place Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989, Loras College prohibits the unlawful possession, distribution or dispensing of drugs and alcohol by students and employees on College property or as any part of College activities. All Loras College Community Members are responsible for abiding by the College Alcohol Policy found in the faculty, staff and student handbooks.

GUIDELINES FOR THE USE OF ALCOHOL

In order to provide a healthy living and learning environment, members of the Loras College community are expected to comply with the following policy regarding alcohol use:

There is NO ALCOHOL permitted (regardless of student age) in the traditional residence halls: Beckman, Binz, and Rohlman.

Students, (regardless of age), may not possess and/or display empty alcohol containers (cans, bottles, displays, highlighter displays, cases, bongs, keg caps, etc.). Containers will be considered evidence of use and/or consumption and may be confiscated and not returned. Bars or any bar-type structures are not permitted in any housing.

Students of legal age residing in Byrne Oaks, Lynch-McCarthy Apartment Complex, the Visitation, Smyth Hall and campus houses will follow College standards (including state laws) relating to alcohol use. Underage students residing in alternative housing are expected to comply with College and federal regulations regarding alcohol use. Display of empty alcohol containers (cans, bottles, displays, highlighters, displays, cases, bongs, keg caps, etc.) may be considered evidence of misuse and may be confiscated and not returned. Bars or any bar-type structures are not permitted in any housing.

Students may not purchase, provide or make alcohol available to underage students and/or their guests.

College funds/student organization funds may not be used to purchase alcohol at any on- or off-campus event.

Public intoxication is not considered a responsible contribution to the community and therefore is inconsistent with the mission of the College. Public intoxication is considered a violation of College policy and is defined as a person who, having consumed alcoholic beverages, experiences a loss of the normal use of his or her mental and/or physical faculties. This includes but is not limited to slurred speech, loss of motor coordination, aggression, loss of memory or abusive behavior.

Underage students and their guests may not be present in a room where alcohol is present.

Loras College prohibits the possession or use of intoxicants in public areas and at student-sponsored activities except as expressly recommended by the Alcohol Coalition to the Dean of Students for his/her consideration and approval, with final approval coming from the College President. Public areas include but are not limited to such areas as the Fieldhouse, stadium, campus grounds, playing fields, parking lots and in all public meeting rooms; entrance, corridor, lounge or rest room of the residence hall public area; in academic areas or the Academic Resource Center or in off-campus venues where the College is hosting an event.

Kegged (tapped) beer, other common containers of alcohol (e.g. punch), and other large quantities of alcohol are prohibited in all campus housing. The alcoholic beverages and their containers will be confiscated and will not be returned to the violators, and judicial action may be taken. At any time such items are present in alternative housing, the Rental Agreement will be cancelled immediately. If such items are found in traditional housing, the housing contract will be cancelled immediately.

Any games, activities or equipment that promotes the excessive use of alcohol (e.g. beer pong or beer pong tables, drinko games and other items similar in nature), are not permitted on College property. Any such items may be confiscated and not returned if found on college property.

Per the Student Handbook, the College reserves the right to adjudicate off-campus behavior. Loras students represent the College at all times whether on campus or off, and therefore may be held accountable for off-campus behaviors that do not meet the behavioral expectations set forth in the Student Handbook.

A person is also considered to be in violation of the College’s standards on alcohol use if his or her personal alcohol consumption infringes upon the rights of other persons or property, or when alcohol use causes a student or employee to represent the College in a manner that is inconsistent with the mission of the institution.

INTERNAL STUDENT SANCTIONS

Loras College recognizes that with rights come responsibilities. With this in mind, the following sanctioning information outlines how students who violate the alcohol policy will be held accountable. The examples given are not to be interpreted as all-inclusive.

These apply to all students regardless of age or location of incident.

EXTERNAL STUDENT SANCTIONS
Possession of alcohol/intoxicating beverages by someone under 21 years of age is a misdemeanor punishable by imprisonment in the county jail for not more than 30 days, a fine not to exceed $100 or both. There are also state laws for driving under the influence, charging money for alcohol without a liquor license,
and using false identification to obtain beer and/or other beverages.

State of Iowa legislation reads, in part: “No person shall sell, give or otherwise supply alcoholic liquor or beer to any person knowing or having reasonable cause to believe said individual to be under legal age, and no person or persons under legal age shall individually or jointly have alcoholic liquor or beer in his/her or their possession or control; except to the extent that a person under legal age may handle alcoholic beverages and beer during the regular course of his/her employment by a liquor control licensee or beer permittee under this chapter.” (Code of Iowa, Section 123.47)

LORAS COLLEGE PHILOSOPHY ON LOW-RISK DRINKING

Loras College supports healthy choices, such as the Zero-One-Three model for low-risk drinking. Abstinence from alcohol is a safe and acceptable lifelong decision. Alcohol free life styles can decrease or eliminate the risk of alcohol-related consequences. Research shows that adverse consequences may occur at relatively low levels of alcohol consumption.

The Zero-One-Three concept was developed by the Enjoy Michigan Safety Coalition and funded by the Michigan Office of Highway Safety Planning. Zero, one and three are easy numbers to remember. They represent alcohol consumption norms that should be promoted. Each number stands for a component of the concept and deserves an explanation.

The lack of clear quantifiable guidelines for low-risk alcohol use is one contributing factor to alcohol abuse on the College campus.

ZERO alcohol consumption is a viable option, and in some cases, the only viable option for numerous segments of the population. Situations where zero is an option include:

- People who are not of legal age;
- Women who are pregnant or think they may be pregnant;
- People who suffer from alcoholism or other chemical dependencies;
- People from homes where alcoholism or abusive consumption is present;
- People who must drive;
- People who do not like the physiologic effect of alcohol;
- People who are trying to cut down on empty calories;
- People who prefer the taste of non-alcoholic beverages;
- Diabetics; and
- People who take certain medications.

ONE = ONE DRINK PER HOUR SETS THE PACE FOR MODERATE DRINKING

ONE drink is defined as one twelve-ounce can of beer, one glass of wine or one shot of liquor (a mixed drink). If a person is having more than one drink per hour he/she is exceeding the recommended consumption pace. Because of the rate by which alcohol is metabolized in the body, more than one drink per hour can cause an individual to be under the influence if the individual’s Blood Alcohol Content is tested for any reason. By keeping the pace to one drink per hour an individual’s alcohol metabolism capacity will not be surpassed by alcohol intake. This will keep Blood Alcohol Content within safer limits. The legal Blood Alcohol Content is .08 in the State of Iowa.

THREE = NO MORE THAN THREE DRINKS PER DAY AND NEVER DAILY

THREE represents the total maximum number of drinks a person should ever have in a single day. It does not mean three at each of the six campus pubs. Also, remember these drinks are not to be consumed at a faster pace than one per hour.

ALCOHOL USE AND ABUSE PREVENTION

Loras offers many opportunities and choices. Each decision made can greatly impact your future. Choices relating to alcohol and other drug use can affect a person’s safety, academics, health, relationships and the lives of others in the Loras community. Frequently, alcohol and other drug misuse result in sexual assaults, increases in vandalism, discipline problems, decreases in academic performance, injuries, medical problems, death including overdoses, suicides, traffic fatalities and impaired driving abilities as well as physical and psychological dependency. Absence from work, erratic job performance, safety hazards and a decrease in job productivity are just a few problems experienced by persons who are impaired by using alcohol and other drugs. Each person must become aware of the issues related to alcohol and other drug use in our community.

LORAS COLLEGE DRUG POLICY

Illegal use, possession, sale or distribution of any state or federally controlled substance, including prescription drugs, is punishable by strict College standards. Suspected violations of this policy will be reported to Campus Safety, and/or the Dubuque Police Department.

Members of the College community and their guests are not permitted to possess anything deemed to be drug paraphernalia such as bongs, pipes, rolling papers, etc. The odor of drug use (for example, the odor of marijuana) is considered sufficient evidence to take administrative action. Students and/or their guests may not be present in rooms where such drugs are present. Drug possession, use or distribution in College facilities and on campus will result in judicial action for those involved.

INTERNAL STUDENT SANCTIONS

Minor Violations: Possession of any drug paraphernalia or objects that could be used as drug paraphernalia (e.g. bongs,
pipes or cans/bottles used for smoking marijuana). Hookahs may also be investigated as drug paraphernalia. The odor of drug use may also be considered a minor violation.

**Serious Violations:** Possession and/or use of marijuana, illicit drugs or other controlled substances regardless of quantity (including residue); or a second “first level” violation.

**Severe Violations:** Distribution and/or possession of large quantities of marijuana and/or any illicit drug. Repeated violations of other lower-level offenses.

Please note: All violations involving any quantity of illicit drugs or other controlled substances will be referred to the college hearing board for review.

**DRUG AND ALCOHOL COUNSELING AND REHABILITATION PROGRAMS**

### CLERY BIAS/HATE CRIME STATISTICS
Zero (0) crimes of bias/hate were reported on campus, in non-campus areas, or on public property as outlined by the Clery Act in calendar years 2015, 2016, and 2017.

### UNFOUNDED CRIMES
Zero (0) crimes were classified as “unfounded” crimes in calendar years 2015, 2016, and 2017. Only law enforcement can declare a crime “unfounded.”
ANNUAL FIRE SAFETY REPORT

The Annual Fire Safety Report is being distributed in accordance with the Higher Education Opportunity Act (HEOA) section 668.41 (e). Compliance dictates that fire incidents and drills that have occurred in campus housing for the past three calendar years be disseminated each year.

There were (0) fires with no injuries that occurred in residence housing from January 1, 2017, through December 31, 2017.

There was one (1) fire with no injuries that occurred in residence housing from January 1, 2016, through December 31, 2016.

- A fire related to a lightning strike at the North Building – Visitation Complex on March 16, 2016, had no injuries or fatalities, and damage costs were $2,625,000.

There were (0) fires with no injuries that occurred in residence housing from January 1, 2015, through December 31, 2015.

FIRE SAFETY PROCEDURES

These procedures should be observed for all campus community members’ own safety and protection in the event of a fire or fire drill. Students should be certain all roommates and guests know what to do if such an occasion arises. The evacuation routes posted on each floor should always be used during fire drills and, if possible, in the event of an actual emergency. If the normal evacuation route is not passable during an actual fire, individuals should use the best exit available. When the fire alarm sounds, all individuals must exit the building.

Should time permit, individuals may:
- Check to see if the door and doorknob are hot before opening the door. If they are hot, do not open door
- If individuals cannot exit their location, they should go to the window and await help from the fire department
- Leave the lights on
- Close the door, but leave it unlocked

When exiting the building, individuals should:
- Walk—not run.
- Watch out for other individuals in the hallways and on the stairways.

DO NOT TRY TO LOCATE OR FIGHT THE FIRE WHEN THE ALARM SOUNDS!

If individuals are not near their assigned exit, they should leave through the nearest safe exit and walk to their designated area (the place assigned outside their building) and report for their section roll call. It is each individual’s responsibility to see that his/her presence is recorded. Individuals should remain at their assigned evacuation meeting area until which time they are given further instructions.

Assigned locations for evacuation are as follows:

- Academic Resource Center
- Christ the King Chapel
- Field House
- Hennessy Hall
- Keane Hall
- Planetarium
- Science Hall
- Wahlert Hall
- Campus Houses
- Visitation Complex
- Byrne Oaks
- Rohlman Hall
- Alumni Campus Center
- Beckman Hall
- Hoffmann Hall
- Physical Plant
- Binz Hall
- Lynch-McCarthy Apartments
- Graber Center
- San Jose Pool
- Smyth Hall

In the event of an actual fire, campus community members should contact emergency services by calling 911 from an available phone. Additionally, fires should be reported to Campus Safety via phone at 563.588.7100 (or 0 from any campus phone) or in person at the Information Desk, Fourth Floor, Alumni Campus Center.

PHYSICAL ENVIRONMENT

At Loras College, all aspects of the physical environment are regularly assessed for safety. Such activity includes monthly inspections of all fire alarm systems, fire extinguishers, door alarming systems and daily inspections of lighting of the campus. Loras College has developed specific policies and procedures for disaster recovery and displacement of residence along with an extensively developed evacuation plan.

Residence halls are equipped with fire alarming systems. These alarms both signal into the Information Center (staffed 24 hours) and provide an audible alarm in the affected residence hall. All residence halls are equipped with automatic sprinkler systems. College-owned houses (structures designed as single-family dwellings) are equipped with smoke detectors as required by local/state code, and are regularly inspected by the city of Dubuque and/or local fire department staff. Fire extinguishers are also provided in each residence hall and college-owned house.

Academic buildings are also equipped with fire alarming systems. These alarms both signal into the Information Center (staffed 24 hours) and provide an audible alarm in the affected
building. Fire extinguishers are also provided in each academic building.

In the event a fire alarm is activated, the College’s fire alarm system directly dials the Fire Department to initiate a call to campus. Loras College also has an “enhanced 911 system” operating on campus. A call to 911 automatically alerts the Department of Campus Safety that a call has been made, allowing for a quick response by not only the police and fire departments, but also the Department of Campus Safety.

FIRE DRILLS

Fire drills are conducted annually in academic buildings, and twice per semester in college housing. During 2017, fire drills were held in residence halls during the months of January, March, May, July, September and November. Fire Drills were held in each academic building during November 2017.

FIRE SAFETY EDUCATION

During September of each year, Campus Safety will provide information on fire safety and education for the campus community in conjunction with Campus Fire Safety Awareness Month. Additionally, fire drills will be held in college housing during November, January, March, May and July to remind the campus community of the importance of practicing safe fire evacuation guidelines. Programming that supports personal fire safety will be provided on an ongoing basis throughout the year.

Each August, Resident Advisors in college housing will be trained on emergency response during a fire situation, safe use of fire extinguishers and preventative fire safety measures for residence hall living. Additionally, Campus Safety staff, in conjunction with the Dubuque Fire Department, inspect all college facilities annually for fire safety purposes.

ROOM CARE AND DECORATION POLICY FOR STUDENTS IN COLLEGE HOUSING

All students are to follow fire and safety precautions. Whenever a fire alarm is sounded, all students, employees, and visitors, except those with emergency responsibilities, are required to leave the building. Failure to leave the building when an alarm sounds may result in judicial action, including fines for violation of local fire regulations and codes. Individuals will not be permitted re-admittance until the building is considered to be safe and the alarm is suppressed. Please note the following additional information:

- Halogen lamps, candles, incense and other open flames are not permitted in any housing option.
- Misuse or unauthorized uses of firefighting, fire sprinkling systems and other safety equipment or warning devices will result in a referral to the College Hearing Board.
- Fire pits and/or outdoor fireplaces are permitted for campus houses and other areas designated by the Campus Safety or Residence Life Office. Fire pits must be enclosed and may burn only materials permitted by city ordinances and codes. If a fire is deemed to be cause of concern, students must agree to extinguish the fire immediately. Bonfires are not permitted in any circumstance.
- All extension cords and power strips used must have circuit breaker protection. Extension cords or power strips without circuit breaker protection are not permitted. Extension cords and power strips should never be plugged in to another extension cord or power strip.

All room furnishings and decorations must meet the requirements of the state, local and College fire and safety standards and regulations:

- Cooking is not permitted in student rooms due to fire and health ordinances. Kitchens are located in each residence hall/living option. Electrical appliances such as coffee makers, corn poppers and small microwave ovens are permitted in individual rooms. The College reserves the right to remove unauthorized or dangerous appliances.
- Heating and cooking appliances such as toasters, frying pans, sandwich grills, hot plates, indoor cooking grills, waffle irons, pizza ovens and space heaters are prohibited in student rooms because of the electrical load limitation and fire safety.
- With few exemptions, any appliance that is greater than 1,000 watts is not permitted. Only refrigerators up to 5.0 cubic feet are permitted. Refrigerators must be plugged directly into the wall – extension cords or power strips should not be used for fire safety reasons.
- No cloth or other flammable materials are permitted to hang in the doorways in such a manner as to block the ingress to or egress from the room. Room decorations and wall hangings, such as hammocks, sheets, flags, fish netting, parachutes and macramé items, etc., are not to be draped or hung from the ceiling or covering a doorway at any time.
- Live Christmas trees, greens/garland and wreaths will not be allowed in College housing; only artificial trees and U.L.-approved miniature lights may be used. Spray snow may not be used to decorate windows or doors.

SMOKING AND TOBACCO POLICY

Loras College has a responsibility to its students and employees to provide a safe and healthful environment. Research findings show that tobacco use in general, including smoking and breathing secondhand smoke, constitute a significant health hazard. In addition to causing direct health hazards, smoking contributes to institutional costs in other ways, including fire damage, cleaning and maintenance costs, costs associated with employee absenteeism, health care and medical insurance.

The health hazards associated with tobacco use are well established. The policy is established to:

- Reflect and emphasize the hazards of tobacco use;
• Provide a healthy environment for our students, faculty, staff and visitors; and
• Model respect for human dignity, personal wellness and stewardship for the environment.

Loras College is a tobacco-free campus. The use of tobacco products in college-owned buildings, on college property or within college-owned vehicles is prohibited. This policy applies to students, employees and campus visitors.

For the purpose of this policy, smoking is defined as lighting or burning any type of matter or substance that contains tobacco, including but not limited to cigarettes, cigars, cigarillos, pipes, beedies, kreteks, water pipes, bongs, and hookahs. This policy also includes the lighting or burning of non-tobacco plants or marijuana, and includes the use of electronic cigarettes, which are also prohibited from use within 500 feet of a school as indicated by Iowa law. Smokeless tobacco products are also prohibited.

Organizers and attendees at events such as conferences, meetings, lectures and social and sporting events using Loras College facilities will be required to abide by the College’s tobacco policy. Organizers of such events are responsible for communicating and enforcing this policy.

The sale of tobacco products on campus is prohibited. The free distribution of tobacco products on campus is also prohibited. Campus organizations are prohibited from accepting money or profits from tobacco companies. Tobacco advertisements are prohibited in college-run publications.

Effective implementation of this Tobacco policy depends on the courtesy, respect and cooperation of all members of the Loras community. Complaints or disputes should be brought to the attention of the college personnel who has immediate responsibility for workplace (supervisor), event or residence. If satisfactory resolution is not reached, the Dean of Students should be consulted.

Compliance with the Tobacco policy is appreciated and expected. Students found in use of tobacco products while on campus will be referred to and deliberated through the college’s non-academic conduct process. Employees found in use of tobacco products on campus will be referred to their immediate supervisor. Guests found in use of tobacco products will be asked to refrain from use while on our campus.
