

Loras College Articulation Agreements

Agreement With	City/State	Program	Description	Effective Month and Year
Allen College	Waterloo, Iowa	Nursing	An affiliation agreement between Loras College and Allen College facilitates the transfer of qualified Loras College students to Allen College to earn the Bachelor of Science in Nursing (BSN) degree. Through the program, students complete general education requirements at Loras College and also have the opportunity to earn a Bachelor of Science degree in biology at Loras College. The program assures qualified Loras College students of admission to either the 15-month option or the 5-semester traditional option of Allen College's BSN degree program. Students may be awarded transfer credit in accordance with each institution's policies.	October 2008
Central College	Pella, Iowa	Masters in Athletic Training	The Loras College-Central College agreement facilitates the application and admission process for eligible Central College students who have fulfilled the program requirements for the Masters in Athletic Training at Loras College. Undergraduate credits earned at Central College may not be applied to the Masters in Athletic Training degree.	May 2019
Northeast Iowa Community College	Calmar & Peosta, Iowa	Nursing	Loras College students gain admittance to the NICC-Loras Partnership Program following completion of specified courses and requirements. Through the program Loras College students may earn an Associate degree from NICC while simultaneously earning credit toward a Bachelor's degree at Loras. As part of this program, courses taken at NICC appear as institutional credit on the Loras transcript.	May 2019
