

Dear Students,

4/29/2020

The federal government recently passed legislation (CARES Act) to enable colleges and universities to support students who have experienced financial disruption caused by the global pandemic. In order to distribute these funds to students who have experienced the greatest financial impact, Loras College has established a process for eligible students to apply for funds. Please note that the federal government has determined both the amount of funds Loras College will receive and student eligibility for funds. According to federal guidelines, only students who are eligible to complete a FAFSA may receive these stimulus funds.

Eligible students may complete the application by following the link below. The application process will be open through May 15th. Awards will range from \$100 to \$1,000 and we anticipate that there will be greater need than we have funds to cover. We will strive to assist the largest number of students possible. All applications will be reviewed beginning May 16th and funds will be awarded by June 30th.

Please click the button below to apply.
